

THE ROCKEFELLER INSTITUTE  
FOR MEDICAL RESEARCH

66TH STREET AND YORK AVENUE  
NEW YORK

Sept. 23/30 -

Dear Ray: —

That was a glorious telegram announcing  
the coming of Margaret Dewar — I shall keep  
it in the family archives — a sort of birth  
certificate of the young lady — I fax it again &  
again to a host of admiring friends — a  
delightfully phrased heraldry of the great  
event — I am thrilled, delighted, + happy  
beyond words for Catherine + you — And  
as the old bachelor Uncle is himself  
simply "nutty" about the idea of having a  
dear little niece in his family — It's a  
glorious day of glorious feeling — giving one a  
sort of new lease on life

I was happy too to hear the good news  
of how splendidly Catherine is doing - give  
her my love and tell her how proud &  
delighted I am - And by the way Ray,  
if there is anything you would like her  
to have or can think of, that would  
contribute to her comfort these days,  
please get it right away, regardless,  
and send the bill to Weller - nothing  
would please me more than being made  
to feel that I am something more than  
a cheer-leader in this big event.

You're certainly had the blues  
robins paired on you these days - a  
poor baby & a poor picture all in one  
week is just too much - splendid work.

3.

Congratulations - you hold the record in our  
family. - THE ROCKEFELLER INSTITUTE I told  
Homer through this morning - he immediately  
phoned Emma - and was delighted.

Yesterday I happened in the office  
and thought you might like to have the  
enclosed - which I send you instead of a  
check so you may have a record of the amount  
as well.

Minnie & the Edwards, Whalen - Dornins  
family are overwhelmed with joy - Sarah is  
happily married and looks it - like a  
young debutant - and the news from Nashville  
altogether has lifted the family into the  
heights heaven -

I have begun work in the Lab-  
oratory - and things look interesting.

My Com & thoughts are with you  
three - May we all be happy  
together long years to enjoy this  
new blessing that has come into our  
lives -

Kiss Margaret Dennis or send  
the car, - a bacteriologist but affectionately  
Kiss from "Uncle Ozzie" who loves his  
boy to his mother & father -

Yours OTT
